Hooded Warbler

28 May 2011, Frenchglen, Harney County
1 JPEG photo forwarded by Alan Contreras with Canon
PowerShot SX30 IS at 150.5 mm and f5.8. "2 male hooded
warblers frenchglen saturday may 28. One last seen behind
school along slough. *** I obtained one poor but identifiable
pic, attached."

A male HOODED WARBLER was wandering around Frenchglen all day.
I have heard 2 males were seen early today. The bird seems partial
to the slough behind the school, but was also seen near the restroom
and at the hotel. I understand it was first found by Kit Larsen, Larry
McQueen and Dennis Arendt.
